All about care

- Always clean the knives in warm, soapy water.
- Not suitable for dishwasher use.
- Do not clean using abrasive cleaners, steel wool, or scourers.
- When cleaning the knife block, use only a soft cloth to prevent scratching the surface.
- Store knives in the provided block to prevent damage to the blades.
- Avoid moving your knives from side to side on the chopping surface, for example - sliding the contents across the board, as this can dull the blade faster.
- Avoid belt or machine sharpening, as these techniques can be too abrasive.
- Use plastic or wooden chopping boards where possible.
