NEVERLEAK

SUPER STRONG LOCKING

Scoville Neverleak Care and Use Instructions

Welcome to the Scoville family. You will find all the instructions to maximise the performance of your Neverleak product in this booklet.

Hang on to these instructions as you may need them in the future.

Before use remember to remove all packaging, labels and stickers and wash the cookware in warm soapy water before drying thoroughly.

Any queries? Please visit **Scoville.me**

All about Care:

- Wash before first use under warm, soapy water.
- Safe for cleaning in the dishwasher* but handwashing is always recommended
- Avoid using abrasive cloths or cleaning detergents to wash the product
- Do not clean with bleach/chlorine as this can damage the stainless-steel

All about Use:

- Ensure product is properly sealed
- Avoid overfilling the container
- Clean the contents of the container as soon as possible after use
- Always check the temperature of the contents of the container before consumption
- Do not use the product in a microwave, an oven or under any other heat source
- Use with caution when storing quick spoiling food/drink as pressure may build up within the container
- Do not use to store carbonated drinks

Preparation:

- To prepare your container for use with hot liquids, fill with boiling water for around 5 minutes. Empty and fill with desired liquid.
- To prepare your container for use with cold liquids, fill with cold water for around 5 minutes. Empty and fill with desired liquid.

*Excludes the 1L Insulated Picnic Flask (SKU 3652) and the 450ml Travel Mug with Silicone Sleeve (SKU 3656)
